

# Why do you give money to your church?

## Because it stands for faith, hope, love

Thank you for all you donate to your church.

In these difficult economic times it is a tribute to each congregation member that you manage to fund the activities of your local church.

You may no longer be able to give as much, or you may be able to increase your giving to help. You may have lost your job and so can offer your church more time and support in this way.

Whatever your circumstances - remember to continue to support your local church.
