Making will writing simple and easy from the comfort of your home

"I was very impressed from start to finish. Online application was straight forward and very easy to complete. I rang the office to confirm a few things and spoke to a lovely lady who answered my questions in a way that I understood perfectly. My will was completed within 4 days. I am very happy and now have peace of mind."

- ✓ We keep fully contemporaneous records of our interactions with your supporters to validate their will writing journey, from call recordings to date-stamps and IP addresses

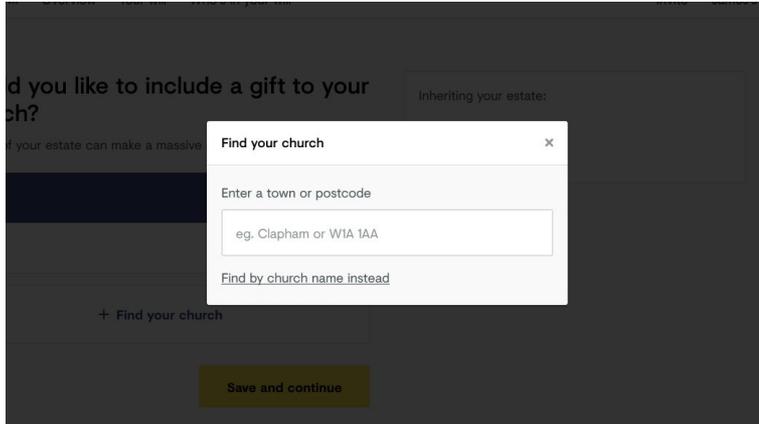

A tailored journey for supporting local churches

- We've collaborated with CofE to build a tailored online will journey for supporting local churches
- Farewill's journey encourages people to consider supporting their local church and charities at two stages:
 - dividing their estate
 - leaving cash gifts

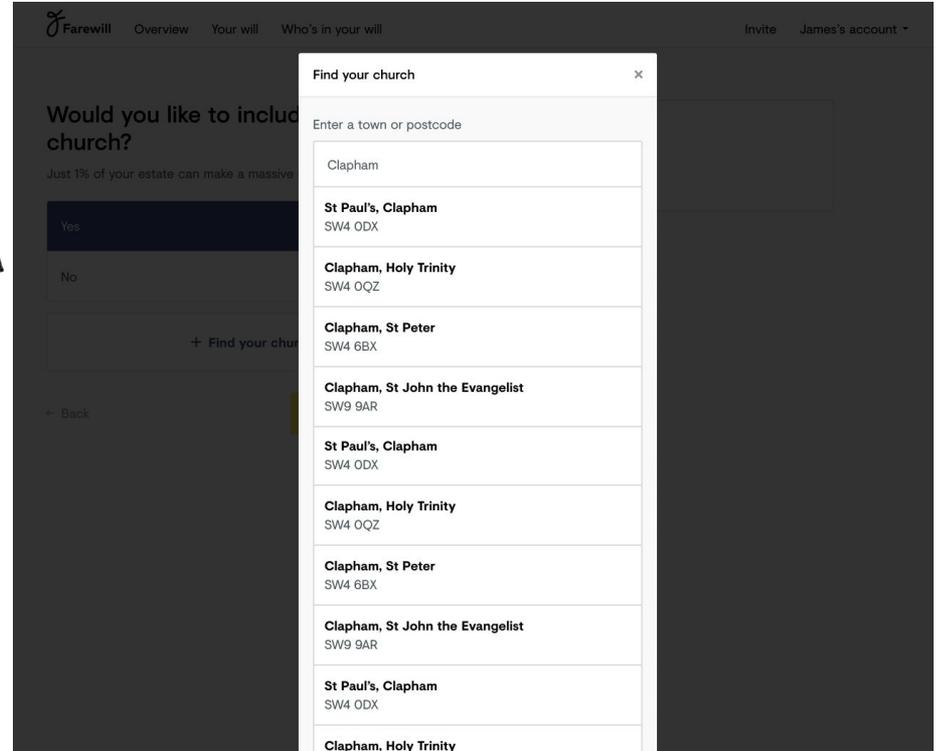

The screenshot shows a mobile application interface for Farewill. At the top, there is a navigation bar with the Farewill logo and three menu items: 'Overview', 'Your will', and 'Who's in your will'. The main content area features a question: 'Would you like to include a gift to your church?' followed by a subtext: 'Just 1% of your estate can make a massive difference'. Below this, there are two radio button options: 'Yes' (selected) and 'No'. A button labeled '+ Find your church' is positioned below the options. At the bottom of the main area, there is a '← Back' link and a yellow 'Save and continue' button. The footer contains the Farewill logo, 'Privacy', and 'Terms' links.
