4. Context

The Diocese of Manchester's vision (to be 'a worshipping, growing and transformative Christian presence at the heart of every community') cannot be achieved without radical rethinking of our present structures. We expect that candidates for a post in the Diocese of Manchester are committed to working together with ordained and lay colleagues in Mission Communities so we can better be mutually accountable to each other and be better able to meet the needs of local people. A successful applicant for this post would be expected to participate fully in the Mission Community as well as the Deanery, and encourage the ministries of others (lay and ordained). This interim post will allow the benefice to take a full part in the Mission Community and the Deanery and the successful candidate will be expected to lead and encourage this process. There has been limited involvement with the Mission Community to date, meaning there are opportunities for new, creative partnerships as well as a need for flexibility. The parishes are not only open to a review of the current pattern of worship but would welcome it.
